MIDSUMMER

*Watch the line!—The pace is steady.
All the boys are marching fine.
Ne'er again they'll march together
As to-day—so, keep in line!*

*Next year some will march as blithely
To another time and tune;
We shall watch them from a distance,
In another, older June.*

*Still, perhaps, with pace as steady
As was ours—no, not so fine!
There shall never be a better
Than was ours—so, hold the line!*

*If, in life, we march as steady,
Steps as true as yours and mine;
There shall never be a finer
March than ours—so WATCH THE LINE!*

Foreword

It is indeed a high compliment to be invited by the B.C.S. Magazine to write a foreword and I appreciate it deeply.

I am not an "Old Boy" of the School, but have for years shared my sons' keen interest in the Magazine. I am sure that when the boys of today become "Old Boys" they will continue as readers of the Magazine and that when they become fathers and grandfathers of B.C.S. boys their interest will be keener than ever.

That is looking pretty far ahead and much will happen in the meantime. For one thing, we shall have seen that new world, the postwar world for which plans are now being discussed. Some planners would tear down what it has taken centuries to evolve and build anew; others would repeat experiments that have always failed in the past, such as the over-centralization of power under one guise or another which has invariably resulted in the enslavement of the individual. This, in the final analysis, is the very thing that "Old Boys" of B.C.S. and their comrades are fighting against. We may depend upon it that when they return victorious they will have something very definite to say about any postwar plans that would rob the individual of the freedom they have fought to preserve.

The privilege of attending Bishop's College School carries with it an obligation to live up to its traditions. That this is fully appreciated by "Old Boys" has been clearly demonstrated over the course of the past century. They have given outstanding service in the civil, public and military life of Canada and have set a high standard for their successors to maintain—and excel, if they can.

Opportunities for service in the future will increase with the rapidly growing importance of Canada's place in the world. Following the war there will be economic and social changes, of course, for there is ample scope for betterments, but our heritage of tradition and the lessons of history must not be forgotten, as they seem to have been by dreamers of dreams who promise to legislate into being prosperity, security and an easy life generally. Human progress is not as simple as that; it is a slow development, the sum of a lot of little things, arduously achieved.

The amazing advances made in recent years in science and technology must not be allowed to obscure the fact that no substitutes will ever be found for homely virtues which form the basis of character. With these as a foundation, a sound education will fit every boy to do his duty in that state of life unto which it shall please God to call him.

(From *Midsummer '36*)

"A bettre felawe shoulde men nougnt fynde."
Forest Guy Lord. (Holy).

Holy entered the preparatory school in '29; a natural athlete, he made the soccer and cricket teams. In the following year he was a Prefect and Captain of all teams, except hockey. In '31, Holy entered the Upper School. During the year, he made all the junior teams. From that year onwards Holy made all first teams, and took part in all school activities.

Holy has won all the all-round trophies, prep. in '30, junior in '32, and senior in '35. He also has the distinction of being cadet-major during the affiliation of the school corps with the Black Watch. He has won the senior gym shield for three years, and the Cleghorn Cup in '34; was a Head Boy last year and a Prefect this year. He assures us that this is his last year, we wish him the best of luck.

"I CAN STILL REMEMBER MOST OF IT ALL"

I can still remember most of it all,
The green of the grass in the early spring,
The silvery sheen that the first snows bring;
The reddish-brown hue of very late fall,
I still can remember most of it all.

The chain of ivy all over the wall,
The blare of the bugles on Saturday morn,
The end of the game—all muddy and torn,
The scarred cricket bat—the old rugger ball,
I still can remember most of it all.

The bright light of the moon when late one night,
I stood on the steps and thought about life.
I thought about war and trouble and strife;
And then I decided it *was* time to fight,
It *was* time to do the thing that was right.

But I shall remember most of it all.

Editorial

We esteem it a very great honour to have a Foreword from Jackson Dodds, Esq., C.B.E., and wish to express here our gratitude to him.

The School was grieved to hear that J. K. C. Wallace had been killed in action; although he was here but a short time he had endeared himself to everybody.

G. R. H. Peck and F. G. Lord have been decorated: our congratulations to them; also to Hart Finley and Frank Packard who continue to add to their score of German planes, and to many others from the highest to the lowest rank who continue to give a good account of themselves, while our hearts and prayers are with those taking part in the invasion.

We congratulate the School, too, on what, to us, appears to be an extraordinary phenomenon: Fathers and brothers have been wounded and some are prisoners of war; brothers have been killed, and yet the School, while taking an utmost interest in the war, combine with it an utmost interest in work, sports and in staunch preparation for taking up their duties, presently, as men, in the world. Excellent examination results and outstanding sports' triumphs are proof of this, but only give in part a true picture of the spirit which pervades the School.

The records of the Football Team, of the "Unbeaten and Untied" Hockey Team, of the Cadet Corps and other Teams in the Magazines, all speak for themselves and Editorials must be brief as our allowance of paper has been limited by restrictions; we give some of our space to the Debating Society who gave some of theirs to the Sixth—otherwise, due to lighter paper, we have been able to give all sections what we considered a just share. Restrictions, too, may be responsible for some of the mistakes—however that may be, apologies in advance.

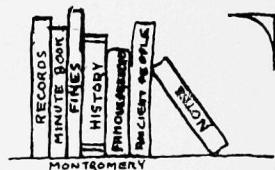

* * * *

We are very grieved to hear (just as the magazine is about to appear) that Derek Gibbsone has been killed in action on the Italian front and that Warren Hale has been reported missing after air operations overseas.

B.C.S. Debating Society 1943-1944

1. Jarrett	906	19 Debates	Grant Hall Medal
2. Janner	899	19 Debates	Chairman's Medal
3. Cleveland	723	18 Debates	Society's Medal
4. Setlakwe I	700	19 Debates	
5. Mussells	691	15 Debates	
6. Satterthwaite	306	6 Debates	
7. Cox	273	8 Debates	
8. McMaster I	175	4 Debates	

This has been the most brilliant year in the Debating Society's history. Other years produced individual debaters of greater oratorical powers, but for all round merit this year is outstanding. We have had more debates, and they have been prolonged longer into the summer term than ever before.

On account of restrictions on paper a member of the Society asked us to give the space devoted to speeches to the VIth Form; this we gladly do — *Noblesse oblige!*

The following are some of the debates since Christmas:

- Jan. 15th. Hat Night.
- Jan. 22nd *That the Curzon line should form the basis for Poland's eastern frontier and that an adequate compensation be granted her on the west.*
- Feb. 5th *That China should be adequately compensated for her losses and be made a potent power in the East.*
- Feb. 12th *That Britain and the United States should not disarm for a certain number of years after peace is declared. — Carried.*

- Mar. 4th Impromptu Night.
 Mar. 11th *Eden as Churchill's successor.* — Carried.
 Apr. 15th Impromptu Night.
 Apr. 22nd *The boundaries of Europe should be tentatively settled now.* — Lost.
 Apr. 29th Hat Night.
 May 6th *Strikes are not justifiable in War Time.* — Carried.
 May 13th *Certain small States should be federated after the war.*

THE CHÂLET

SPRING, 1944

The yawning world is wakening from its sleep,
 The new-born sun is thawing winter's snow
 And rousing drowsy rivers in a flow
 Of ever-melting ice, until they leap
 Into a muddy flood and swiftly sweep
 Down to the sea. At last Man's frigid foe
 Is wilted 'neath Apollo's golden glow
 And timidly, green buds begin to peep.

But Man has still one enemy to fight,
 The savage relic of a by-gone day
 Which thrives on fear, intolerance and hate;
 And Man shall not enjoy the spring delight
 Until those human beasts are made to pay
 With their own lives—to meet their victim's fate.

G. E. JANNER.

Chapel Notes

Services in the Chapel go on quietly without much that is unusual to report. On the Third Sunday in Lent Archdeacon Jones, the Rector of Lennoxville, took the service in the School Chapel; On Whitsunday it was taken by Professor Sidney Childs, a former chaplain. On May 24th the Archbishop of Quebec visited us for the Annual Confirmation. The following are the names of those members of the Preparatory and Upper Schools who were confirmed: C. C. Ballantyne, W. L. Lindsay-Hogg, G. A. Furse, H. M. MacDougall, J. L. McCulloch, R. B. Evans, J. R. Gilmour, R. A. Martin, W. G. Arnold, J. D. Arnold, C. A. Gordon, E. P. Winslow.

School Notes

We were very sorry to hear of the death of Mrs. Power Cleghorn who donated the Cleghorn Cup in memory of her son Jimmy.

We wish to thank J. G. R. Shuter, Esq. and Mrs. Shuter for a gift of books to the Hooper Library.

CRICKET

As the forms are all closing we hear that we have been overwhelmed by Ashbury.

The Choir

The work of the choir during the year drawing to a close has shown steady progress.

Some statistics may be of interest. We have sung, to the present day, May 21st, seventy-nine different hymn tunes. This may not appear to be a very large number when we look at the number of tunes there are in our hymn book, but when we consider that there have been only twenty-nine services in the Chapel, it represents an average of almost three different tunes per service. The practices have been faithfully attended and the work especially for altos, tenors and basses has been considerable. In addition, the rendering of the canticles, psalms, special anthems and communion offices has called for much patient and diligent work by them. We have been fortunate in having excellent readers in the tenor and alto sections and a few in the bass section.

The rest of the boys in the congregation join very heartily in the singing of certain hymns, their choices being "Eternal Father, Strong to Save", "Onward Christian Soldiers" and "The Battle Hymn", with "Young Souls, so Strong the Race to Run", "Ye Holy Angels Bright", All Hail the Power of Jesus' Name" and "Father, Hear the Prayer we Offer" also favourites. "All Creatures of our God and King" has powerful congregational support.

We thank all members of the choir for the loyal services they have rendered, and we hope that those who are leaving the School shortly will continue to sing and make use of their reading ability wherever they happen to attend church. It will be a great pity if their talent and experience are not made as useful in the world that lies ahead, as they have been to Bishop's College School. We wish them God-speed and

"May their seed-time past be yielding,
Year by year a richer store".

The 1943-44 Choir:

Basses: Boyd, Evans I, Jarrett, Moffat I, Pitfield, Phelps, Price I, Stevenson.

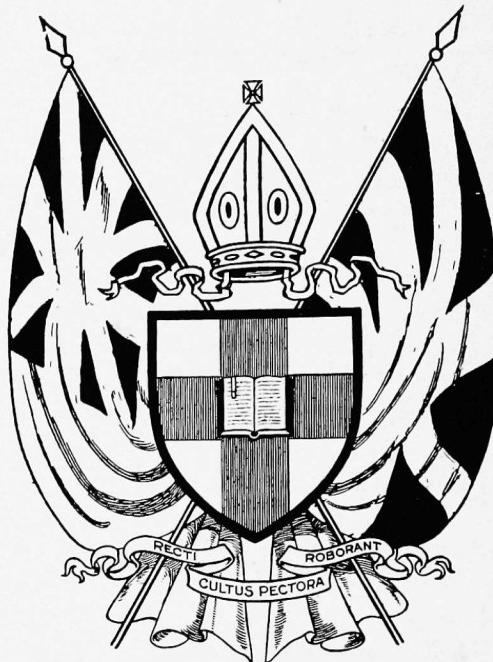

Tenors: Boright, Sewell, Smith, Stoker, Taylor II, Wallace.

Altos: Black, Byles, Coghill, Ford, Price II.

Trebles: Ashworth, Baird, Ballantyne, Boswell, Campbell, Cresswell, Evans II, Furse, Gordon, Jekill I, Jekill II, Lawrence I, Lawrence II, Lindsay-Hogg, Martin III, McCulloch, Milling, Neil, Pattison, Rider, Scheib I, Scheib II, Sheard, Stewart-Smith I, Stewart-Smith II, White II, Whitehead I, Whitehead II, Winder II.

Miss Reyner, as usual, has been very kind in repairing and fitting cassocks and surplices, and in arranging for their cleaning and storing. We wish to thank her most cordially. The choir helpers, Pitfield, Boswell, Ford, White, and the Lawrences I and II have been constant in their attendance, giving out and collecting hymn books, not only for the choir but for the whole School. Many thanks, helpers.

ANNUAL INSPECTION

Lennoxville, May 17, 1944: The annual inspection of the Bishop's College School Cadet Corps took place this afternoon on the campus in front of the School. The Corps was inspected by Major General Renaud, Commanding Officer of M.D. No. 4, accompanied by Lieut. Col. Flemming of the Black Watch and Lieut. Col. Chicoine, Inspector of Cadets for M.D. No. 4. Following the inspection was the March Past in Line and the Marches Past in Column and Close Column of Platoons. After this there was Company Drill, a display by a precision squad and two movements in battle drill given by a special platoon.

General Renaud complimented the boys on their fine showing, remarking especially on the smartness of their uniforms and the precision of their movements. He also praised Lieut. Fisher on the high standard of efficiency attained by the Corps due to his instruction.

- Medal for the most efficient Sergeant . . . Cdt. Sgt. D. Stoker
- Medal for the most efficient Cadet . . . Cdt. J. E. Moffat
- Medal for the most efficient Recruit . . . Recruit I. Cox
- Medal for Cadet Efficiency . . . Cdt. Major J. W. Price
- Medal for Cadet Efficiency . . . Band Sgt. D. Sutherland

INTER PLATOON AND SECTION COMPETITION

The "Scott Cup" for the best Platoon. . . No. 2 Platoon under Cdt. Lieut. T. Hodgson.
The "Lotbiniere Cup" for the best Section. . . No. 6 Section under Cdt. L/Cpl. P. Fisher

ACTIVITIES

During the course of the summer term the Corps has paraded twice in Sherbrooke. On April the 28th it marched in a Victory Loan Parade while on the 24th of May it attended a parade for the unveiling of an Honour Roll. On both Parades the Corps made excellent showings and were praised by many of the citizens for the smartness of their marching.

SPECIAL PLATOON NOTES

This year, in addition to the Precision Squad, the Special Platoon displayed its talents by doing two Battle Drill movements. They were the Section Attack and the Pincer Movement. After doing this on Inspection Day the Platoon was complimented by Maj. General Renaud for its fine showing in these two new tactics.

Most of the credit goes to Mr. Buchanan who was the ever-willing instructor. Any time was the right time for a practice, even if it was before breakfast. This shows his definite unselfishness for the good of the Platoon.

Seventh Form Notes

PETER JOHN AIRD

Although Pete left the School to join the Navy towards the end of the Lent Term, his spirit still lingers on. As a Head Boy last year and a Prefect this year, he set an excellent example to all those around him. There's something definitely missing around the School these days for his old familiar figure chasing cricket balls behind the nets is gone, and so is his laugh—a laugh so intriguing that even the masters tried to copy it, unsuccessfully.

Without him, it is very doubtful if the Hockey Team could have had an undefeated and untied season, for Pete was the Captain and its guiding star. In football, he steadied the line and continued his brilliant tackling of last year. As an added attraction he joined the choir this year to make the basses stronger in number, if not in harmony.

He had the knack of succeeding in practically everything he tried, and this too applies to the female end of things, for his Ottawa mail held up right to the end. At this point, he is probably thinking of becoming an admiral, and no doubt he'll end up there, but don't fall overboard first Pete.

JOHN ANDREW FULLER

Freddie being the oldest inhabitant of the Seventh Form, and the Prefect's room for that matter, naturally exerts considerable influence upon it. That must explain his different tastes for how else can be explained the fact that he refuses to listen to swing before breakfast, but prefers C.B.M.'s semi-classical music to C.H.L.T.'s rhythmical musical clock.

He has a bright future if he sticks to the right profession. The job of private secretary to a wealthy business man would suit him well, for if he could copy out his dictation as well as he copies our Prep. he would never go broke. He is also one of the few members who is carrying on last year's Seventh Form tradition of baiting the masters. Never can they make mistakes without our gallant Freddie rushing to the rescue and giving them both barrels. Maybe this explains why he has never gained very great heights in Cadet Corps, for it is not considered the right thing to check up your instructors' mistakes, but he feels strongly that a little criticism is never out of place and the consequences are

He has made more than his share of teams; what with waltzing down ski hills for the last two winters with the Ski Team and having made the Cricket Team twice. But the less said about this, the more our subject will be pleased, for Freddie is a modest fellow.

We wonder where he gets the gasoline for the motors that always accompany him wherever he goes. Perhaps he has been given some inside information on the local black market. Anyway Freddie, wherever your imaginary motors may take you, "Happy Motor-ing."

HUGH GRAHAM HALLWARD

The Comet first entered the portals of B.C.S. in Sept. 1940, after leaving Selwyn House.

He has distinguished himself in class work and until this year was an excellent Debater.

He made First Team in both football and cricket and was promoted from Corporal, last year, to commander of Number 1 Platoon. Besides partaking in sports, Hugh is the school sports authority.

At the present moment Hugh is undecided as to what he is going to do, but whatever he does, we are all sure that he will be successful.

This year it is whispered, his heart belongs to a certain lady friend in Montreal, but this is only another whisper from Rue de Rumor. We are not quite sure how big his mail is, for he always grabs his mail in the prefects' room.

J. H. J.

JAMES HENRY JARRETT "*In the spring a young man's fancy lightly turns to thoughts of love.*"

Jim hit B.C.S. in 1939, coming from the West Indies. An old injury to his knee has kept him from taking an active part in the more strenuous games but even so he managed to make the First Cricket Eleven. He plays a good game of tennis and is also an accomplished swimmer. As regards the Cadet Corps, Jim has left his mark there, for at the beginning of the year he was the Band Major, then was promoted to a Lieutenant in the Corps proper. He has also taken an active part in the school clubs, last year being Secretary of the Debating Society, this year President.

In private life he is a great authority on naval vessels of the various countries. Whenever he has a free moment, he may be found in a quiet corner with his nose buried in some reference book of warships, or he may be making some of his excellent wooden scale models.

This term he tried to get into the Navy, but because of the knee injury he was turned down, so next year he will probably go to McGill.

E. D. T.

EDWIN DOUGLAS TAYLOR

Let me present to you "Doug", the unpredictable; a staunch member of the Seventh of '44, and one of the two strongest contributors to the form average. It would be rather hard to get along without Doug in Prep as he is our main pillar of strength as far as chemistry goes.

To illustrate his unpredictable nature Doug will frequently break in upon the peaceful thoughts of his fellow classmates with an excited gush of gibberish compound of a strange mixture of German, Spanish and French Canadian. Of course this is over some inconsiderable affair such as a forgotten book, but mostly just to relieve his feelings (What feeling? say the New Boys.)

Doug is in seventh heaven in the Lab. He spends quite a lot of his time there, but what his intentions are, who knows? Several times people, on walking in, have been immediately enveloped in a thick pungent fog, but on hearing a jovial song off somewhere through the smoke are reassured that it is only Doug boiling outlandish brew or trying to revolutionize the chemical world with some new discovery.

Next year Doug plans on attending McGill where he will take the chemical engineering course. As an old boy of B.C.S. we hope that Doug will be successful in his future studies.

E. S. C.

EDWARD CADENHEAD

Anybody looking in on the Seventh, "the famous Seventh" form of 1944 will see Ted right in the middle. That's where he is outside of the School too. In the middle of everything—that is, if he isn't starting something.

Remember the Stoker-Cadenhead barber shop in "G" Dorm? Ted inspired Des with the idea although he modestly stepped back and let Des carry on with the customers while he collected and handed out the profits.

Remember the time Mr. Evans walked into the seventh form and found Ted high on a pipe grasping for the ceiling? That's Ted!

Remember the eventful day in the Lab when the salamander and the tadpoles were suddenly jerked from their peaceful living and found themselves helpless in a suction tube?

Remember Ted and Doug skinning the ground-hog in Dorm and the three mouse pelts that hang on the wall testifying to their victory in their war against mice?

Remember the scene of Ted majestically rising, with a look of grand disdain for those below, with his home made pole vault and the amazed look of the watchers? The argument he had with the Head?

I hope all this won't make the readers think Ted doesn't do what he's here for. He's worked hard and made first teams, but it's the extra outside activities that spell the difference between the average person and the extraordinary, and that's what Ted is.

Six-A Form Notes

JOHN WILLIAM PRICE

Bill arrived in the Prep in 1939 and after being elected Captain of its soccer team and getting a position on all the other Prep teams he moved into the Upper, where he continued to keep up his reputation as a sportsman. He only grew a couple of feet in the first summer and in September 1941 he made First Football Team and went on to make Midgets and First XI in Cricket. That was the year that he seemed to make his debut over at Compton and his visits there were a little too regular for him to claim he was just visiting his sister. Last year he was the only Head Boy in the fifth and made all first teams as well as the Track Team in spite of Cricket. This year has been his best, he was made Head Prefect, he succeeded Hooper as Cadet Major at the beginning of the second term, he was Captain of both Football and Cricket and a valuable man to have in the nets in Hockey. Bill is also in the Choir and may be seen alternately warbling and sleeping in the back row every Sunday. He seems to have grown weary of spending his money on taxis to Compton on week-ends and spends his time practicing football plays and spiral kicks in the Prefects' room now. Well, best of luck in your Matric Bill, and we'll be seeing you next year with, as rumour has it, four other Prices to keep you company.

R.W.S.

ROBERT WALTER STEVENSON

Steve came to B.C.S. in 1939, in which year he entered the Prep School. While there he took a keen interest in all activities and soon graduated to the Upper School. In the four years he has been in the Upper he has risen from New Boy to Prefect, from Under

XVI Rugby to First Team Rugby, from Bantams to First Team Hockey, from Recruit to Sergeant in the Cadet Corps and from treble to bass in the choir. From this record there is little left to say of what he has been doing although it doesn't speak for his school work, in which he is really outstanding.

Next year Steve plans to return to B.C.S. to take his Senior Matric, and from the boys who are leaving we all wish him the best of luck.

ROSS WELLS SMITH

"Smitty" entered the Prep in 1939, where he immediately soloed in the Choir. In work and in sports Smitty has always done unusually well. It has been no rare sight to see him come out of a prize day with an armful of books. In football, hockey and cricket he has been on many teams, from quarterbacking the Under Sixteen Football team to starring on the Midget Hockey team. He also took skiing in his spare time and won the Senior Porteous Cup. He has climaxed his sporting career this year by scoring 49 runs on the Cricket team against L.C.C. As a fine Head Boy pianist, actor and all round sport, Smitty will be long remembered at B.C.S. Next year he hopes to go to Royal Roads Naval College and we all wish him the best of luck.

G. S.

PETER DONALD SAUNDERS GRAHAM *"A wet sheet and a flowing sea . . ."*

Pete sauntered through the School's portals in the year 1941. At first he seemed an ordinary fellow with a queer accent, which he soon lost. However, he has starred at football every year, receiving a prize in open field running in '42 and captaining the Under Sixteen in '43. Being from Nassau, Pete has many experiences to talk about; and he fascinates us with his stories of deep sea fishing. This year Pete is a Head Boy and a Lance Corporal in the Cadet Corps. He is undecided as yet about next year, as he might find it necessary to come back here for his Senior Matric, but he hopes to enter Dalhousie University and take a law course. In any case Pete, soyez bon!

R. H. T.

DAVID ROSS STRUTHERS

*"Stone walls do not a prison make,
Nor iron bars a cage—"*

Dave came to the Prep in 1938 and graduated to the Upper in 1940. As a New Boy, and a fag, he played rugby, hockey and cricket, making the Bantam Hockey team. His Neutral year, the first without fagging, was not a very eventful year for Doc, due to sickness during the hockey season, however, he made the Fifth Rugby team, played cricket and was property manager for the Players' Club. The following year Dave stepped into the senior rank, made the Under Sixteen Rugby team, Midgets in hockey and worked on the newly founded wood-cutters crease. This year Dave is a Head Boy and took Ancients Rugby, skiing and track in the sports department. He is in the Precision Squad, a Business Manager on the Magazine Staff and is Electrician for the Player's Club.

Next year Dave will be one of the many taking courses at McGill, and we all wish him the best of luck for the future.

A. W. M.

ROBERT HASTINGS TAYLOR *"Oh for a draught of vintage". Keats.*

Bob entered the Prep School in 1938. He was drafted into the Choir the following year where he has gone up (or down) from treble to tenor. Most years Bob has been near

the top of his form, and during the summer term played linesman on the Fourth and Under Sixteen Football teams. Last year he was on the Junior Ski Team, but he did not quite make the Senior one last term. He is leaving the School this year as a Head Boy, and is going to McGill to take a long awaited business course. So long fellow.

P. D. G.

RICHARD DONALD PURVES LOGGIE "They shall grow from strength to strength." Psalms.

If you were to walk into E Dorm, you would surely see Don Log, ensconced in his chair, surrounded by books, maps, and of course pictures of beautiful girls. The perplexed and wistful smile on his mischievous features must be because he has solved some intricate mathematical problem or is considering how to deal with his gang when they come upstairs. On the right is a list of the section of which Don is Lance Corporal, while if you look carefully, you will probably find pictures of the "Orphans", the "Ancients" or the "Under Sixteen Cricket Team", of which he was so valuable a member, and if you were lucky, one of the old Fifth Team which he captained. Next year, Don hopes to be at McGill, and it is sadly we say "Au Revoir".

G. E. J.

GREVILLE E. JANNER "Oh to be in England " Browning.

Grev dashed into B.C.S. in 1941, making a name for himself through his speed on the cinders. He has done well in all sports, being on the Under Sixteen Football and Junior Ski Team for two years and Under Sixteen Cricket for one year, at the same time helping Bishop's run away with the Sherbrooke Track Meet trophy. In the Debating Society he is Chief Secretary. He has entered several poems in the School magazine and his future occupation is a lawyer. We wish the "Poet Laureate" the best of luck.

D. L.

JOHN ERROL STANLEY MOFFAT

B.C.S. first played host to John in the autumn of 1939, when he arrived from New York to enter the Prep School. In the following year he was promoted to the Upper where during the past four years, he has proven to be a conscientious and untiring worker. The influence of the New York stage on handsome John's natural talents for dramatics has been quite evident. Proof of this lies in the fact that he has been an outstanding performer in the majority of the School's theatrical productions during his years here. The red-head has also proven himself worthy of a name in sports, having taken an active part in rugby, skiing and track. He has also been a valuable member of the choir. This year John won the Strathcona prize for the most efficient cadet in the Cadet Corps. Moreover he has been an A-1 Librarian. Bonne chance Jean!

B. R. M.

FRANKLIN WALLACE BORIGHT

To look at Bo, sitting in his desk in Six Arts, his feet clothed in their multi-coloured socks propped up on the desk in front, little would you think that you were looking at one of the best athletes in B.C.S. For Bo has excelled in all sports since he entered the Prep in 1938, graduating from most of the Prep teams to First Team Football and Hockey. His last two seasons have been his finest, for he chalked up 19 goals to his credit on the ice. But Bo's only interest cannot be truly said to be in sports, for we mustn't forget those sweet scented letters received each mail time. Some day you will surely find on the

door of a certain insurance firm his proud name and if you peep in the door you will probably see young Frank in grey socks this time, sitting pensively at his desk. All the best Bo!

D. B.

JOHN W. SIFTON

Johnnie arrived from U.C.C. two years ago, and since that time has made an excellent mark for himself. He last year managed to make the First Football and Second Hockey teams. That spring his wind held out long enough for him to clean up at the Sherbrooke and School track meets. This year rolled in with its share of gating slips and beating sticks for "Speed" but he came out on top again. Opposing teams felt his weight in all First Hockey and Football games earlier this year. Believing that clothes make the man, "Speed" really sets the fashion. This year he is at Williams' House, but nevertheless he manages to exhibit his multi-coloured ties, sweaters and pyjamas in school house 24 hours a day. Be it Army, Air-Force or woods John, the best of luck. A.R.R.

GERARD EDGAR STERN. *Vive La France.*

Gerard, our walking French dictionary, first appeared at B.C.S. in 1941 and since then has livened up the School considerably with his cheery laugh and his many nicknames, all the way from "Frenchy" to "Clicket". He has tried his hand at many new sports since he arrived here doing well in football and hockey and being a staunch member of track crease. He has been at Williams' House this year and seems to enjoy his early morning runs. "Frenchy" hopes to go to Princetown in September and we are sure he will continue his classical success. Bonne chance, Gerard.

Six-B Form Notes

PETER RUSHBROOKE SATTERTHWAITE "Better late than never."

Peter came to the Preparatory School in the fall of '39, and immediately started his distinguished career at B.C.S. by making all three first teams. Coming into Upper he continued making all teams, and this year was the star bowler on the cricket team.

Pete was made a Prefect this year and is living at Williams House. He is seen every morning at 7.44 a.m., shirt tails flying, tripping over his shoe-laces, running for the dining-room, which we regret to say he seldom arrives at in time.

This year he was Cadet Corps Sergeant Major and his smartness upheld the traditions of the School. Next year Pete plans to go to Queen's and we all wish him the best of luck. K. H. D.

ANTHONY RICHARD CURZON DOBELL

From Selwyn House Tony entered B.C.S. in September 1942 and he immediately distinguished himself in both studies and sports. He entered the 5th form as a new boy. Starting on Under 16 Football he was moved up to first crease where no matter how heavy the going he could hold his own. He won his second team colours as a starry backfielder. During the winter months Tony played on Midget Hockey and occasionally filled in on 1st Crease. He carried over his laurels to the summer term and played 1st Crease Cricket.

On arriving back the following year Tony found himself a Head Boy and soon proved his worth to such an extent that he was promoted to Prefect during the winter term.

He started off by playing for 1st team Rugby in the backfield. During the hockey season he played left wing on an unbeaten team. This term we find him playing 1st crease cricket.

So much for his sports. For his studies only the best can be said. Coming first in his form in all exams he wrote last year he has continued this excellent record in the sixth and has literally "Walked away" with top honours in every subject. Tony is trying hard for the scholarship this June and plans to enter McGill next year. In his strivings for the scholarship and whatever the future may hold for him we wish him the best of luck.

R. G. McB.

ROBERT GORDON McBOYLE

After a distinguished career in the Prep., during which he made all the Prep teams, Mick came to the Upper in 1940. While climbing the B.C.S. ladder Mick made all the juvenile teams and in 1942 he was one of the few fifth formers on first crease football and was even a sub on First Team. He continued this athletic outburst by making First Hockey Team and in the last term he decided that Track was more fun than Cricket and began to make a name for himself in the 100 yard dash. This year Mick has been one of the mainstays on the football team, one of the best forwards on the hockey team and, to crown it all, he has been drafted for cricket and is on first crease.

Mick began this year as a Head Boy but his character soon told and he was promoted to a Prefect. He should coast through Matric, and next year he is going to McGill. His popularity and good sportsmanship will get him success wherever he goes. As the saying goes "B.C.S.'s loss will be McGill's gain."

— May his curly hair never go grey —

A. R. C. D.

THOMAS EMERSON HODGSON

Tom first came to B.C.S. in the fall of 1941. He was placed on third crease but was soon moved up to first crease football. He succeeded in getting the Senior Porteous cup for skiing. In his second year Tom made Second Football team and First Ski team, and also got a medal for most efficient cadet. This year he made First Ski and Football and he is also Cadet Lieutenant winning medal for best officer. He is a Head Boy. He intends to join the navy in the fall, and we wish him good luck.

E. J. M.

JOHN ALBERT TYLER "Walk with kings—nor lose the common touch" Kipling.

In 1942 Johnny came here from L.C.C., immediately being promoted to a Neutral for his splendid service to the football team. This year he continued his success, receiving the cup for the most useful member of the team. He also starred on the ski and hockey teams, winning the cup for the outstanding skier in the Eastern Townships in the former sport and piling up more goals than any other player in the latter. This year he is a well-liked and respected Head Boy, popular, unassuming and with an ever-present smile for everyone. He has given up track for hard work and deserves a fine matric for his effort. Keep up the good work, Johnny.

R. C. B.

CHRISTOPHER HENRY FLINTOFT

Moonbeam first donned a Prep cap in 1937 and was immediately accepted into the regular crew, due to his personality and his ability to find trouble. In the years 1937-40, while serving his term in the Prep, Flip made all the First Teams, namely hockey, soccer

and cricket. Moonbeam during his New Boy year informed the School of the advantages of the C.P.R. and the innumerable disadvantages of the C.N.R. This year Moonbeam was made a Head Boy, also a Corporal in the Cadet Corps and has been in most of the fun of the School for the past few years. Chris plans to join the navy after having achieved what he had been trying to get for the seven years, his Matric. Best of luck Flip.

H. L. D.

JAMES ANGUS MACKAY

Jamie entered B.C.S. in 1940. It did not take him long to get caught in the whirlpool of life out here. Making all football teams possible he ended his final year by achieving First Team. Playing cricket for two seasons he wisely turned to track . . . period. This year Jamie is a Head Boy at Williams House, which helps him get into condition for the 880.

For the Inspection this year he was in the Battle Drill Platoon, Precision Squad and the Colour Party. Jamie plans to go into the army in the late summer and we all wish him the best of luck.

Wherever he goes he will always be winning new friends and keeping old ones.

H. L. P.

DAVID ALLEN PHELPS "With his eyes in flood with laughter."

Dave graced the honoured portals of B.C.S. in 1941. He began his career by making the First Ski team in his New Boy year and every year after. He was captain this year and at all times was outstanding in spurring his team to victory. Last year he won some honours in track and gym. This year he is Quarter Master Sergeant of the Cadet Corps and has the honour of having the highest score in the School for rifle shooting. He has attained the rank of Head Boy and carries out his main chores at Chapman's House. Dave's great personality has won him many friends at B.C.S., and he with his smiling face will be greatly missed. (Also his expression of "super".) His plans are indefinite after he leaves, so good luck Dave in whatever you do.

H. L. M.

KENNETH HOWARD DARLING

Back in 1926 when sunshine first brought his rays upon this world he knew that he would land in the famed halls of B.C.S. where the sign of "Walk or?" hangs on all the walls. By now he is 6' 1/2" of Sunshine. He was one of the most reliable men on our undefeated hockey team. On Saturday night if anyone wanted to know if a certain gas was alright to live in, all they had to do would be to look in the lab. and if H.L. was on the floor it was deadly. Corporal Darling, as he is known in the Cadet Corps, can tell you anything about soap. If anyone wants to find Ken they will not have to go more than forty feet from the main activities of the School, and I might add that he is still a member of the "Aroma Club". Well, Ken, with all kidding put aside, you may do as well in the army as you have done here, and I am sure you will bring sunshine to all the others in the army as you have at the School. Best of luck in your Matric.

H. L. F.

ALEXANDER WILLIAM MACKENZIE

Al first entered B.C.S. in 1941. He immediately started his campaign of making a friend of everyone in the School. In his New Boy year, the first that these immortal halls did not echo to the cry of "New kid", he played rugby, was Captain of the Second Ski team and played cricket that summer. The next year, as a Neutral, he made Under

Sixteen Rugby team, the First Ski team and Under Sixteen Cricket team. This year Al is a sixth form Senior and again made the Under Sixteen Rugby team and the First Ski team, and instructed the Prep in skiing. This term Al appears touring the 440 in spikes periodically. He has done well in the Cadet Corps too, now being a Lance Corporal, and a member of both the Battle and Precision Squads. He has now been a Business Manager on the staff of the Magazine for two years.

Al is returning to B.C.S. again next year and we all wish him the Best o'the Best.

D. R. S.

EDWARD JOHN MAXWELL

"Wheeze" arrived at Bishop's in 1941. He played Third Crease Football. Due to his size he has become one of the more interesting characters of the School. This year as a Senior he has made fourth Football team and was also a member of the ski crease (as well as other popular creases). While not with Cleveland or "Jazz" Jarrett, he is seen in hot pursuit of Darling or Boright with a dangerous instrument in hand. According to latest reports, we hear that John intends to return next year. Fight back sometimes, kid.

T. E. H.

A. RONALD REID

Ron's name is not to be found in the sports records but he has made his own distinctive mark in B.C.S. A staunch supporter of the "old regime", Ron puts its principle into effect most efficiently and willingly. About three or four times a week Ron journeys to Rene's in the village for his customary coffee; this and numerous trips to the creases, plus his excellent work on behalf of the shooting team, make up Ron's exercise. If one stretches one's cranium into Six Science Ron may be seen working—yes he's got a Matric to get too. Be it the R.C.A.F. or McGill University that attracts Ron's fancy, best of luck.

J. W. S.

DONALD STANLEY SUTHERLAND

Don came to B.C.S. in 1942 from Mount Royal High School, promptly to secure a niche in the B.C.S. hall of fame. His first year here, he played Under Sixteen Football, and skied on First Ski Crease. This year as a Senior in the Sixth, he captained Second Team Football and was again a member of the First Ski Crease, although an unfortunate accident kept him out of active skiing for the duration of the ski season. As drum-major in the Cadet Corps he received the efficiency medal for making the best band in the history of the School. Don is also an active participant in the Players' Club. "Suds" is joining the navy this summer after Matric has been safely tucked away. All of us join in wishing him the best of luck.

R. R. P.

DONALD BEST

Don came to us in 1942. Since then, not only has he become a Senior, but also, and what is more important, he has made himself very popular and admired by all who have been associated with him. Last year as a New Boy, he had the misfortune of being seventeen on the Under Sixteen Football crease—rather a handicap. Then in the winter, Don, whilst skiing in his usual reckless manner, collided with Mother Earth—coming out second best. Result was a broken leg and ankle. However next term, not to be discouraged, he was as active as ever. This year he played an excellent game as sub outside on the First Football Team. However, next term, whilst skiing, he hit a bump (same one as last year

he says) and broke his skis, which meant no more skiing. This term with Matric coming up, he is working hard, and next year will find Don in the army. All the best in the world Don.

F. W. B.

RAFAEL RALPH PAULL *If music be the food of love, play on."* — Shakespeare.

"Rafe" who comes from Strathcona Academy, arrived in B.C.S. this past autumn. In football, he played on First Crease and in hockey, he played goaler for the "Orphans". He started in with cricket this last term but decided to resort to hard studying which he kept up all through the term.

He played the bugle in the Cadet band and also took a deep interest in the Music Club of which he was President. Even though his stay in B.C.S. was only one year, he has made many friends who will not forget him. He plans to go to McGill next year and from there to Columbia University to take journalism and music. I am sure we all agree that he will make a name for himself and we wish him the best of luck. D.S.S.

ROBERT CHALMERS BISSON

Bob came to the sixth form from Humberside Collegiate in Toronto and promptly proceeded to make a name for himself as a chemist and a connoisseur of hair cuts. Besides his scholastic activities, he is Vice-President of the Science Club, played second crease Football and was an active member of the time-honoured "Tyros" hockey crease. This term, he proved himself to be one of the finest bowlers on First Crease Cricket and we are sure he will be a mainstay of this year's team.

J. A. T.

BROCK ROBERTSON MUSSELLS

On the eve of September 11th, 1942, a powerful body rumbled into the spacious corridors of B.C.S. Like a ray of sunshine his beaming face illuminated the dimly lit hall. Little were we to know that here indeed was a distinguished orator. For his deep bass voice has given new tone and colour to the Debating Society, and his work has greatly improved the proceedings of that stately club. As a hard worker, and as an excellent Librarian the School finds it hard to offer him sufficient thanks. This rise to power from New Boy to Senior was accomplished in two years, and his suave and gentlemanly manners have made him beloved by all, both great and small.

Time grows short as the school year draws to a close. So now with the soft twilight of Matric setting in, we bid you a pleasant adieu, Brock.

Fine Arts Form Notes

THE CASE OF V ARTS

Some call it a sad one, it's not true, I ken,
We've got the makings of very fine men.
Take for example young John at the back,
Head of what have you; he won't like that crack.
And then just in front, with novel on knee
Is Hickey, the deck swab who hails from the sea.

Look at the title, "The Case of V Arts,"
 That means young Calder, a breaker of hearts.
 We can't forget Brinsley, an unstable chap
 Who spends all his time on Miss Morisette's lap.
 Then our Sinatra who hails from Quebec
 Whose "Hit Parade" mimics we're unable to deck.
 Here comes Al Black with his face in a smile,
 Just let off gating, he's free for a while.
 Worries pile up for Setlakwe all day
 For a phone call to Compton he's unable to pay.
 For Leslie, promotion has been very fast
 As a neutral, being new-kid seems something that's past.
 Michael looks pleased, he's succeeded at last.
 He's a boy, not a girl in the Player's Club cast.
 Now you have the names, just give them the test
 You'll find that this form is quite one of the best.

Fifth Science Form Notes

There is a form, so I've been told,
 Where all the boys are good as gold,
 With 'Admiral' Cox who's mighty bold,
 And Scott, a silent fellow.
 Dear Charlie has a pale, white face,
 And Alan Mitchell loves this place.
 The marks of Jimmy set the pace,
 While Willie's thoughts are mellow.

Doug Foss ignores all aeroplanes,
 To Hughie, girls are dreadful pains,
 And Brigitte dislikes C.P. trains,
 While 'Piglet's' hair lies low,
 Where Levitt's jokes are always good,
 While 'Butcher' does just what he should,
 'Pop' Graves would diet if he could,
 And 'Frenchy's' French is slow.
 Where Stanley's face is always sweet,
 And Dickens is a new boy, neat."

But though he did me thus entreat,
 It's not the form I know.

Three=A Form Notes

A Page in 3A history was written the night that *Pop* organized a gopher-hunt up at *Cog-hill*. We looked through the *Winder* and saw that it was dark with no *Moon* shining so we had to carry a candle with a *Wight-wick* which *Pop* had borrowed from his little *Brodeur*.

We snuck silently out the back *Stairs a-Gordon* to instructions and *Pop* warned us that every *Boy* must be a *Faer-man* and hunt for sport and not *Tho-mas* a fortune. *Pop* always *Scholes* us for hurrying, saying that it wasn't *Worth-a-Wink* in hunting and that steadiness *Winslow* but certain success. Most of us agreed to hunt together but one of the Boys went as a *Solo-man*.

Just as we rounded the top of *Jek-hill*, a gopher with a *White* head suddenly appeared. It resembled a little *White Mutt* and looked so cute we did not have the *Hartt* to shoot no matter *Howard* we tried. It was fortunate that we held our fire because, as it turned out, it was not a gopher at all. It was *Pop*!

Three=B Form Notes

Seven little morons sitting in a class;
Riddell up and left; the rest won't pass.
Six little morons, on trouble thrive;
Cresswell over-ate and then there were five.
Five little morons to make a master sore;
Moore could learn no more and then there were four.
Four little morons, a sorry sight to see;
Hutchison escaped and then there were three.
Three little morons, wondering what to do;
Rider turned Pro and then there were two.
Two little morons, not having any fun;
"Mitch" entered politics and then there was one.
One little moron and you can guess the one;
McCreery wrote exams and then there were none.
No little morons sitting in a class;
A Master's Delight has come to pass.

Chapman's

The House has been very peaceful for the last two terms and there have been no signs of mutiny—yet, except for the notorious Upper Flat Choir of Wallace, Foss and Fraser which is liable to break out at any time and serenade you. (Or hog-call you at 7.15 in the morning) (Ed. note: This was the most orderly and efficiently run year at Chapman's).

Last term Tony Dobell was promoted to a Prefect and now he and the house Head-boys, Dave Phelps and Bob Taylor, are in charge of the house. When the boys come down at half past nine *every night*, they see Dave and Bob diligently working, for "In spring a young man's fancy quietly turns to. Matrik."

Mike Wallace and Tony Dobell represented the house on first hockey team while John Boyd and Dave Phelps were on the first Ski Team. Brig Day and Jim Sewell also made first team cricket and we are now getting in trim for the dorm relay.

We wish to thank Mr. and Mrs. Moffat for all the kindness and generosity they have shown us during the year. They have certainly made our stay in Chapman's House a pleasant one.

A. R. C. D. and D. A. B. P.

Williams'

During the winter term the boys were well represented in the sports circles. Pete Satterthwaite, our house prefect, played an excellent game of hockey on first crease, scoring several points in some of the games, while "Speedy" Sifton played defence on the first hockey team and made a very admirable job of it too. Stern I displayed notable form while playing for Tyros. Moffat, Best and yours truly were all ardent members of the first ski crease. It may be mentioned that Best survived the season even if he did hit a few trees and break several pairs of skis. Moffat I showed great form in the cross-country races.

This term Williams' House is again in the centre of school activities—Satterthwaite is one of the mainstays on the first cricket eleven and certainly proved his worth in the recent match against Lower Canada College. The rest of us are trying our luck at track, and one can see Moffat training for the mile every noon, while Sifton, Best, Stern and Mackay are usually seen basking in the sun.

Moffat had the unique honour of winning the medal for the most efficient cadet in the Corps. Congratulations John.

The year is drawing to a close and we are spending our last days at Williams' House. We have all spent an excellent and happy year and we all join in thanking Mr. and Mrs. Patriquin in appreciation for their kindness through the entire year.

THE CAST OF "CHARLEY'S AUNT", 1944

The Players' Club

On February the 10th The Players' Club presented Brandon Thomas's famous farce "CHARLEY'S AUNT" before a capacity audience.

There are twelve roles in the play, and of these only two can be considered of minor importance—those of "Farmer" and "Maud". These were played by F. Boright and P. Winkworth, and we hope that future productions will give these actors more scope for showing the ability which they certainly possess.

Of the remaining ten roles four, not counting the supposed Charley's aunt, were women. Peter Moffat as "Kitty Verdun", Philippe Stern as "Amy Spettigue" and Robin White as "Ela Delahay" had the ingenue parts, and one had only to contrast their work on the stage last October with that of the performance to realize how much work both Miss Catherine Speid and they themselves had put into their parts. At first they were all feet and elbows, they backed into chairs like a horse into the shafts of a wagon, and they carried a purse or a fan as though it were a bomb. By the time of the performance, however, thanks to Miss Speid's direction and their own hard work, they were three of the most convincing girls you could wish to see, moving with grace and speaking with charm. Moffat sustained his last year's reputation as a show-stealer, and Stern as the quieter "Amy" made a perfect complement to him. White's movements on the stage

were excellent, and on the night of the performance he revealed the resource and smoothness of an actor of far greater experience. The fourth lady in the cast was "Donna Lucia d'Alvadorez", the real aunt. In this part David Phelps portrayed a mature and sophisticated beauty who quietly but competently took control of every situation in which she found herself. Phelps brought to the part some sound stage experience and an ability to convey to the audience some fairly subtle impressions, such as Donna Lucia's understanding of and secret amusement at the other characters.

Tony Dobell and Michael Wallace took the straight parts of the two undergraduates, "Jack Chesney" and "Charles Wykeham". As these roles carry the main thread of the plot through the play they are long and exacting. Dobell and Wallace maintained the action with spirit, now in utter dejection as their plans miscarried, now on the heights of enthusiasm as things were going well.

The title role, starting as a straight part with Brigham Day as "Lord Fancourt Babberley", an undergraduate, and then becoming anything but straight—not to say crooked—when he plays the part of Charley's aunt, affords an actor a great variety of situations in which to display his talent. Day took full advantage of this scope and was by turns most convincingly nervous, amorous, indignant, reluctant, flirtatious or angry as the occasion demanded. His whole performance showed a complete understanding of the meaning of his lines and of what his action should tell the audience in every situation.

Finally, there were the three character parts. Donald Sutherland played the suave "Sir Francis Chesney" and revealed an admirable stage presence and acting voice. Ian Calder, partially concealed behind a handle-bar moustache, played "Brassett", a College scout, and the audience got a good deal of fun out of his shocked reactions to the goings-on of the undergraduates. Christopher Flintoft as "Stephen Spettigue", the girls' guardian, shared with Day the greatest moments of the evening. His portrayal of the explosive and amorous old lawyer was full of a dignity that asked only to be—and was—upset. His elderly prancings after the supposed "Donna Lucia" were, for sheer delightful nonsense, second only to the Nichol Atkinson-Hugessen trio in "Iolanthe" some years ago.

As always it remains to record those whose work behind the scenes made the play what it was. Under the supervision of Mr. Buchanan, Stoker, Smith, Struthers and Walls managed the staging and lighting of the three sets, Graves, Sewell, Thomas and Wightwick being stage-hands. Byles looked after a most complicated array of properties, and Boswell was call boy and Evans prompter. David Phelps, in addition to his acting part on the stage, looked after the Costume Room.

The Players' Club once more expresses its gratitude for the assistance and co-operation of Mrs. F. R. Pattison in the matter of costumes; the Reverend C. Sauerbrei with his technical assistance in the projecting of a back-drop and in printing the programmes, tickets and advertising; A. T. Speid, Esquire, who handled the make-up; the B.C.S. Printing Club, and all those who sold tickets and acted as ushers and extra stage-hands.

The net profits from the performance, \$119.20, were sent through the Navy League of Canada to the Merchant Navy.

P. MOFFAT AS "KITTY", B. DAY AS "CHARLEY'S AUNT", P. STERN AS "AMY"

The Science Club

The history of biological evolution is the story of an everlasting struggle for survival. Creatures great and small have been constantly faced with the necessity of adapting themselves to changing conditions or perishing. Those who failed to adapt died. Those who adapted improved as a result of such adaption.

Thus it was with the Science Club. Suddenly we were faced with the problem of carrying on under what seemed at first impossible conditions. It was no longer possible to use the laboratory equipment which had always been the backbone of the Science Club. To remain a Science Club we could not. To remain a club we would and could if only we had those powers of adaptation so vital, Darwin has said, to survival.

So united were our members and so versatile were their intellects that, without a murmur of protest, we set our eyes towards new horizons in search of even richer findings. (i.e. The kitchen—Ed.).

What we did in place of scientific research cannot be satisfactorily portrayed on paper but shall remain as precious living gems in the minds of those eye-witnesses who shall cherish their memory, be inspired by their message and, having interpreted it to their own generation, shall hand it down unimpaired to posterity.

Le Club Français

The members of the French Club this year were: D. Martin, H. Setlakwe, B. Seager, R. Brodeur and G. Stairs. Over twenty-five evening meetings were held under the supervision of Mr. Hall. Each week a different member of the club has acted as chairman for the proceedings which last about an hour and a half. A typical evening begins with the forming of French words from a given word with a five minute time limit. On the average about a hundred different words might be formed by all the members. Points are awarded for this and all other games played during the evening, the winner being the one with the highest total. Next, the game of "Qui suis-je", or "A qui est-ce que je pense", or "La géographie", or "Renseignements, s'il vous plaît", or "J'ai mis dans mon corbillon", provides much pleasure as well as being highly valuable in increasing one's vocabulary. Puzzles, conundrums, making crossword puzzles have all been tried out at various times during the year and have added variety and interest to the meetings. All in all, a very successful year has ended and the members feel that they have added to their vocabulary, they have had a chance to say things in French and they have found the meetings not as dull as one might expect—in fact, French with a smile and without tears.

B. SEAGAR.

The Music Club

Now that the season is over, we, of the Music Club, may look back over a successful series of meetings. Not only were symphonies, concertos and the like listened to, but also heard were commentaries and short biographies on the various composers.

The Club, under the guidance of Mr. Moffat, consisted of the following members: Scott Fraser, John Boyd, Robin Miller, Ronald Hickey and Rafael Paull. Interested visitors were John (Freddy) Fuller, and John Tyler. We all join in wishing Mr. Moffat a highly enjoyable summer vacation.

THE ICEBERG

The summer sky is flecked with stars, as couched beside the stream
We watch the water wander by, as tranquil as a dream,
And mirrored in its shining depths we see as clear as day
The image of a moment that has long since passed away.

The sea is like a rolling plain, as placid as a lake,
As tranquil as the sleeping maid whom love alone could wake,
The breeze, as gentle as a lamb, dispels the morning shroud
And leaves the iceberg free once more, majestic, lone and proud.

The ripples softly swirling by caress the monster's side,
And swishing whisper sweet adieu, as carried by the tide,
The ghostly spectre drifts away, majestic as a swan
Which preens its feathers all the day and gently loiters on.

And gradually it sweeps down south, and leaves that freezing land,
Where, cradled by the biting blast and rocked with icy hand,
The new-born giant swung away to start its worldly race,
And arctic Nature taught the child to ride with easy grace.

Yet slowly now its lofty cliffs are shrinking in the heat,
And tiny, curling rivulets are trickling to its feet;
At last the might of Winter has to bow before the sun,
This lonely, lovely maiden must admit her voyage done.

Yes, on the Sea of Life itself, the course is much the same,
Ambition fires the youthful heart to strive for wealth and fame,
But aspiration melts away beneath the fire of age,
The tired soul is glad to sink from off its earthly stage.

G. E. JANNER

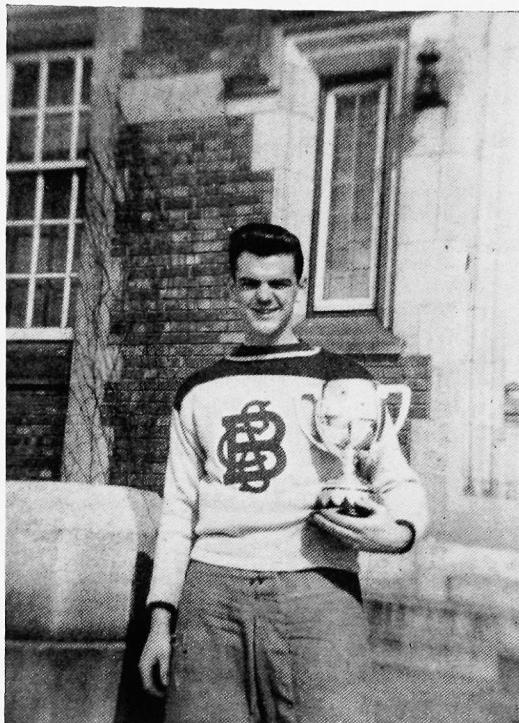

Hockey Foreword

That 1944 might well be a B.C.S. year in hockey was increasingly evident from the beginning of the school year. Firstly, long-delayed repairs on the Memorial Rink were completed in September—a hopeful portent. Then, as soon as the rugby season was finished, some thirty enthusiasts carried and spread sand, tons of it, on the playing surface, and before the freeze-up there was an excellent base for the first flooding. This hard work was done when there was no immediate prospect of ice, the whole thing was quite voluntary, and though team candidates were amongst the majority of workers, numerous others lent valuable aid in a manner which reminded one of the last year when we had a championship team.

From the first practice, the squad seemed to realize that this was, this had to be, our year. Once Gerry took over, this squad, awkward and ill-balanced as it appeared at first, rapidly developed into a team of championship calibre. There were no Big Shots, no loafers, and, as the coach patiently, tactfully taught his creed, few and fewer visitors to the penalty bench. At the same time, double, triple and multiple passes became more and more the technique that brought the team's sharpshooters into scoring position, and also brought more balance to their play than any opposition could cope with. Our shooting was, too, away above the standard of recent years, as the score sheets prove, while the butchery of second line, too common in some other seasons (when the silver gleamed only in our opponents' halls), was replaced by clean, hard practices which really produced results.

There'll be no attempt here to name stars; it wasn't that kind of a team. There were luminaries, but they shone together, and their example should be an inspiration to more grand teams, next year and for years to come. Old Colours worked just as hard as newcomers; passes were given and received by new boy, neutral, senior, head boy and prefect alike. From head prefect and captain down, everyone helped cheerfully and efficiently with the general chores of the game, even to ice-cleaning.

Congratulations to a team which not only brought back the trophy of championship, but, we feel, the spirit of championship itself.

L.H.S. at B.C.S. Jan. 29

The game opened slowly with Bishop's collecting two tallies from the sticks of Boright and Aird. In the second period the School squad collected five goals. These goals went to McBoyle (2), Tyler (2) and Wallace. Near the end of the period the Lennoxville squad got their lone marker. The third period saw Bishop's cash in four times, McBoyle and Tyler collecting their third goals, Aird and Boright their second.

EAST ANGUS HIGH SCHOOL AT B.C.S. — FEB. 1

Bishop's whitewashed East Angus 11-0 in a night game played in the Memorial Rink. McBoyle opened the scoring in the first period on a pass from Tyler. Tyler collected the second goal unassisted to end the period. In the second period the team collected five goals—Tyler (2), Pitfield, Aird and Satterthwaite one each. The pressure was kept on in the final period as four more markers were added. Tyler collected his fourth, Aird and Pitfield their second and Dobell was awarded one when a High School player threw his stick.

SHERBROOKE CANADIENS AT B.C.S. — FEB. 8

The School defeated the Sherbrooke Canadiens by a score of 8-1 on Feb. 8. Aird opened the scoring on a pass from Tyler early in the first period. Gault followed up with a beautiful solo effort, with Aird and McBoyle combining, shortly after, to give Tyler the third goal of the period. In the second period Aird again opened the scoring on a solo effort, with Tyler scoring soon afterwards on a pass from McBoyle. In the third period Gault scored unassisted. Canadiens scored half way through the third period to capture their only tally of the game, Aird getting his third marker ten seconds after the Canadiens' goal. Four minutes later McBoyle scored on a pass from Aird to end the scoring.

S.W.C. AT B.C.S. — FEB. 12TH

The game opened slowly due to the valiant efforts of the weaker Stanstead team. However, the School speeded up to win by a score of 5-0. Boright opened the scoring for the School on a pass from Wallace halfway through the first period. Near the end of the first Aird scored on a solo effort. In the second period McBoyle scored on a pass from Aird, followed by Wallace's solo to gain his second point of the afternoon. Tyler followed up at the end of the second period on a pass from Aird to end the scoring.

B.C.S. AT L.C.C. — FEB. 19

In a close hard fought game played in the Montreal Forum the School defeated L.C.C. 3-1. The School team started fast, McBoyle opening the scoring about the half-way mark. Tyler worked the puck deep into L.C.C. territory before passing to McBoyle in front of the net. McBoyle got his second goal of the game when he circled the L.C.C. defence and flipped in a short backhand. Gault finished the scoring for the B.C.S. squad on an end to end rush when L.C.C. were one man short. In the third period the L.C.C. squad kept the play in the School's zone almost constantly. Only some fine goal tending and clearing by Price in the School's nets kept L.C.C. from scoring 'till near the end of the period, Danby scoring the L.C.C. goal from a face-off at the side of the net.

B.C.S. AT ASHBURY — FEB. 26

In a game played in the Montreal Forum, B.C.S. triumphed over Ashbury 10-1. Boright scored the first of the two School Markers in this period, Sifton scoring the second on a power play. In the second period the Ashbury squad got their lone marker of the game, sandwiching it between McBoyle's and Tyler's tallies—the only School

markers of this period. In the last period the B.C.S. team collected six goals with Boright and McBoyle getting two each and Tyler and Gault one apiece.

B.C.S. AT S.H.S. — FEB. 28

In a night game played at the Sherbrooke Arena, B.C.S. downed S.H.S. 4-2. There was no scoring in the first period though both teams had several opportunities. In the second period the teams split two goals, Boright gaining the first for B.C.S. on a pass from Sifton, Curphey the S.H.S. marker on a pass from Davies. In the third period B.C.S. pulled into a 3-1 lead when Tyler scored two goals before Davies replied with the second High School goal. One minute before the end of the game Aird stick-handled through the entire Sherbrooke team for the final School marker.

S.H.S. AT B.C.S. — Jan. 25th

The School's opening game revealed surprising power and speed as the team, with only a few practice sessions, swept through our old rivals, Sherbrooke High, 6 to 0, in the Memorial Rink. First line out-scored second 4-2, but the dogged back-checking of the relief linemen indicated that the team had balance unknown for several seasons past. Price was letter-perfect in the goal, and Gault, playing his first game for B.C.S., showed that the defence had carrying power to add to its defensive strength. McBoyle's two goals and one assist put him at the head of the point getters, while Wallace's assist and goals by Aird, Tyler, Dobell and Boright were the other scoring points.

SHERBROOKE CANADIENS AT B.C.S — FEB. 22

In many respects, this was the prettiest game the team played all season. Canadiens were much improved over their first appearance, and the School's 7-2 win was earned all the way. Canadiens' speed forced us to open up a baffling passing attack which was simply too smooth for the visitors. They scored first, and held a one-goal advantage at the end

of the first period. Four School goals whisked past the Canuck's goalie in the second period, and the boys added two more in the third. Tyler and McBoyle each scored two; Boright, Gault, Pitfield, one each, with single assists going to McBoyle, Aird, Dobell, and Sifton. Gault set up two scoring plays in addition to his goal.

MINOR HOCKEY

Midgets, Bantams, Orphans and Tyros all enjoyed a good season, and prospects for an even better one in 1945 are indicated. A score of greatly improved players will be battling for places on all teams, mostly up a notch higher in Q.A.H.A. rating.

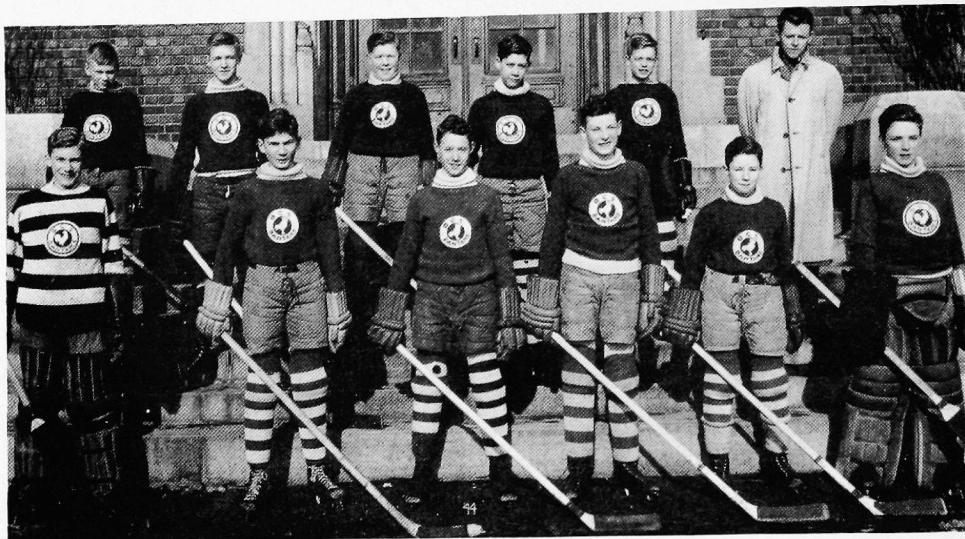

Bantams took Sherbrooke County title by beating off good opposition from the Prep, Lennoxville High and Mitchell School, but dropped the district playoff to St. Pat's in a closely-contested two game series.

Midgets finished second to Air Cadets "A" Squadron in their league, and bowed out of the playoffs by one goal in the total-goal series, whose games were 1-3 and 3-2.

Orphans, with some eligible Midgets and a stiffening of over-age players, battled through the same league with zest and determination, though their victories came few and far between.

Tyros developed at least four good candidates for 1945 Q.A.H.A. teams, and enjoyed themselves immensely.

One of the most encouraging aspects of minor hockey this season was the large turnout and the enthusiasm of the younger players. We played as many outside teams as was possible, and feel that there will be a good crop of youthful veterans to try for places on next year's first team. On the 1944 first team, for example, seven of the squad have worn the Q.A.H.A. Bantam championship leaf in the past; in our last championship year, 1940, all team colours were either ex-Midgets or ex-Bantams. If we can maintain and improve the standard of our minor teams, the future of B.C.S. hockey is secure.

BANTAM HOCKEY

The Upper School Bantams this year enjoyed a very good season, though they lost the finals of the Eastern Townships Divisional Championship in two hard fought games, the first of which was tied and the second won by St. Pats, 2-0.

In their own league, with Prep, Mitchell School and Lennoxville High, the Upper Bantams lost only two games and tied one. They ended the season well in the lead in points.

The nets were skillfully guarded by Hampson, with a competent replacement in Jekill. The strong-man of the defence was "Butch" Cresswell, and he was supported by Whitehead and Hutchison, both of whom played hard, responded well to coaching, and improved steadily throughout the season. Rider was the captain and easily the highest scorer, playing centre. With Rider were Munroe and Gordon, both valuable members of the team, though Gordon was growing too quickly and Munroe too slowly. However, these disadvantages will be overcome in time, and we expect much good hockey from these three boys in future years. The other line, with Huggett at centre supported by Hartt and White I, was, as it turned out, our mainstay, because they had better luck in evading Miss Morrisett. This line played very good and steady hockey, though the Rider line had the most points. In one of our defeats, due to the illness of the Rider line, the Huggett, Hartt, White line was obliged to play full time, and were able to hold a one to nothing lead over Lennoxville until they were overcome by sheer exhaustion in the third period, and lost 4-1. The moral victory in this game was certainly ours, and from that time on there was no first or second line on our team.

We look forward to a good season next year, with Rider and Munroe again eligible for Bantams, and with several excellent prospects coming up from Mr. Farthing's Prep Bantams.

Cricket

On Saturday, May 20th, L.C.C. played us here in one of the closest games in the past few years. It was a sunny day and L.C.C. brought down a strong team. We lost the toss and went in to bat first. Jarrett starred for us in the first innings, scoring 22, Fuller made 18. Calderon of L.C.C. bowled a hat trick getting Dobell, Hallward and Day in three balls. L.C.C. got the last man out before lunch with B.C.S. attaining 70 runs.

After lunch, L.C.C. went into bat losing Calderon the first ball bowled by Bisson. It was very tense when there was one man to bat and the score 61-70. However, Mingie was run out finishing the first innings with a score of 70-63 for B.C.S. In the second innings B.C.S. batted first with Smith making the highest with 39. We ended with 71 in the second innings. L.C.C. came into bat but could not complete the second innings on account of time.

There were eight men out with a score of 65 for L.C.C. The final score was 141-128. Bisson got seven wickets altogether and Satterthwaite got nine.

The team was as follows: Price I (Capt.), Jarrett, Hallward, Smith, Fuller, Dobell, Day, Satterthwaite I, Gault, Bisson, Stoker, Scorer, Sewell; Asst. Scorer, Ford.

UNDER 16 CRICKET NOTES

Early in the season the team suffered the loss of its Captain, White II, who, with Coghill, a fine bat, left for England. McCall was then elected Captain and, on Wednesday, May 31, defeated the strong Prep School Eleven in a closely fought, well played first innings by 53-44. The Prep were out for 26 in the second innings while we scored 26 for 3 wickets lost. The following constituted the team in this game and will likely be the choice for the Under 16 colours: McCall; Bennett; McCreery; Monroe; Price II; Rider; Scholes; Wightwick; Fraser; Howard; Solomon.

BEGINNERS CRICKET NOTES

The game was entirely new to all members of this crease. Progress made was most gratifying and we would like to acknowledge the contribution made by the following, not necessarily because of their playing ability but because of the interest which they showed and the co-operation which they displayed: Biard; Martin; Miller; Setlakwe I; Setlakwe II; Brown; Hartt; Moore; Williams; Stairs; Seagar. The following rank as the outstanding prospects for the future: Biard; Brown; Martin; Hartt; Setlakwe II; Miller; Williams II.

THE L.C.C. MEET

The following boys made up the First Ski Team which went to St. Margaret's to compete against Lower Canada College on February the 19th and 20th: D. Phelps (Captain), J. Boyd, E. Cadenhead, F. Fuller, T. Hodgson, A. Mackenzie, R. Miller, A. Mitchell. On the Saturday morning L.C.C. won the Downhill by a comfortable margin, B.C.S. getting 75.5% of the winning team's 100 points. L.C.C. took the first six places in this race, and then Miller, Mackenzie and Phelps took the 7th, 8th and 9th places for B.C.S.

The Slalom was held on Saturday afternoon, and in this event B.C.S. gained 85.5% of Lower Canada's 100 points, Fuller, Miller and Phelps taking 3rd, 5th and 7th places.

On Sunday morning history was made when L.C.C. won the Cross Country by a margin of 1.3%. Fuller placed first in the race, 31 seconds ahead of Walby of L.C.C. Hodgson, Phelps, Mackenzie and Cadenhead took 3rd, 4th, 6th and 7th places for the School.

The combined score for the three events gave L.C.C. 300 points and B.C.S. 255.7, and the Louis Cochand Cup, more familiarly known as "Oscar", is once more in the possession of Lower Canada College.

THE EASTERN TOWNSHIPS MEET

On Saturday, February the 26th, the School entered three teams, a Senior and a Junior from the Upper School and a Junior from the Prep, in the Eastern Townships Inter-scholastic Meet held under the auspices of the Connaught Ski Club at North Hatley. The Prep Team was not permitted to score for the School as a team.

The Senior team was made up of Phelps (Captain), Fuller, Hodgson, Mackenzie and Miller, and these skiers made a fairly clean sweep of all the competitions. In the Cross Country, held in the morning, Hodgson, Phelps and Mackenzie took 2nd, 3rd and 5th places. In the Slalom B.C.S. took the first five places in the following order: Phelps, Mackenzie, Hodgson, Boyd, Miller. In the Downhill Phelps came first again, followed by Boyd in 5th place. The Senior team won the 35th Battery Trophy for the 5th year in succession, and Phelps won the McGannon Trophy for the highest senior aggregate.

The Junior team from the Upper School, J. Crabb, D. Faerman, L. Walls, J. Williams and R. White, succeeded in bringing the 35th Battery Junior Team Trophy back to the School after an absence of two years. Crabb placed 1st in the Cross Country, and Williams and White came 3rd and 4th in the Downhill.

The Junior Team from the Prep School made an excellent showing in this meet, D. Stearns coming 3rd in the Cross Country and 5th in the Downhill, and B. Evans winning the Slalom.

THE WHITTALL CUP

The Senior Whittall Cup for the best all-round skier in the School was awarded to David Phelps, the Captain of the First Team.

THE PORTEOUS CUPS

In the beginning of March events were held for competitors for the Porteous Cups. In the competition for the Senior Cup, open to any boys who did not make the First Ski Team, R. Smith won all three events, a Cross Country and two Slaloms, R. Taylor coming second with 281.7 points out of Smith's 300.

The Junior Competition was won by J. Williams with 297.2 out of a possible 300, D. Faerman coming second with 290 and T. Coghill third with 281.9.

In general, the season afforded excellent skiing conditions, and even up to the middle of March there was a hard crust which made the Porteous Cup Competitions fast and interesting.

Some of the Senior skiers generously undertook to coach the Prep School, and the value of their efforts was obvious in the good results achieved by the Prep at North Hatley and in School Competitions. These instructors were Phelps, Boyd, Fuller, Hodgson, Mackenzie, Miller, Smith and R. Taylor.

With an eye to the future it may be said that we will have to put in some hard work on Cross Country racing to restore it to its former standard in the School, and that many practice Slaloms on our own hills seem to enable us to hold our own comfortably in outside competitions. Adequate training in Downhill seems to be our problem, and failing a convenient seismic upheaval to make a mountain out of Moulton Hill the problem can only be solved after the war, when easier transportation may make it possible for us to practise more frequently at Hill Crest and Mount Orford.

Track Notes

This year, for the second time, we won the Y's Men's Trophy for Annual Competition in the Eastern Townships Interscholastic Track Meet, with a total score of $87\frac{1}{2}$ points, six higher than last year. We were closely followed by Sherbrooke High with a score of 86. Stanstead placed third with $45\frac{1}{2}$. Sherbrooke was unusually strong in the Senior, Intermediate and Open runs, but by reaching a high score in the early part of the day, and offsetting their firsts in the late events with seconds and thirds, we were able to keep abreast of them.

Our Team Captain, Bill Price, was our Senior star, bringing us nine points. In the Intermediate section, Janner had the highest score,—seven points. Pitfield led the Junior section with a total of eighteen points, the highest aggregate of any athlete in the meet, setting three new records which we expect will stand for quite a while.

VOX PUERORUM

For the interest and amusement of our readers and of the School, we have prepared a poll of the boys' opinions on seven subjects. Each boy was interviewed, giving him the chance to vote anonymously and as he pleased. The School was divided into three groups: New-boys, in their first year here, Neutrals, in their second, and Seniors, also comprising the Head Boys and Prefects, all of whom have been at the School at least two years. The questions were as follows:

SALON OF THE CHÂLET

The Preparatory School of Bishops College School

LENNOXVILLE

CONFIRMATION SERVICE

On Sunday, May 21st, the Annual Confirmation Service was taken by Bishop Carrington of Quebec.

The service began with the Ascension Day hymn, 'Hail the day that sees Him rise', this was followed by the Order of Confirmation, after which the Bishop gave a very inspiring address to the confirmees. The service ended with the singing of 'The Church's One Foundation'.

Those from the Prep who were confirmed were: Ian McCulloch, Tim Ballantyne, Hartland MacDougall, Tim Evans, Christopher Milling, George Furse, John Gilmour, and Ross Martin. Bill Lindsay-Hogg was confirmed earlier in the year in Montreal.

Among the parents and relations of the boys from the Prep were: Mr. and Mrs. A. L. McCulloch and Master M. McCulloch, Mrs. H. C. MacDougall, Mrs. C. T. Ballantyne, and Miss R. A. Ballantyne, Mr. and Mrs. J. L. Gilmour, and Miss H. Ross, Mrs. C. F. Furse, and Mr. and Mrs. A. H. Martin.

Front Row: I. L. McCULLOCH, C. D. MILLING, J. R. STEWART-SMITH, H. C. MACDOUGALL (Capt.), D. M. STEARNS,
 J. M. SCHOLES, P. C. COHEN, J. E. LAWRENCE (Scorer).

CRICKET (Prep)

With the help of almost continuous good weather cricket in the Prep has thus far had a flourishing season. The School, as usual, was divided into three creases, with Mr. Farthing in charge of the first, Mr. Page of the second, and Mr. McMann and Mr. Payzant of the third. Competition for places on the first team has been exceptionally keen and although our season is much too short, the boys have been quick to learn some of the finer points of the game.

Second Crease boys who have showed promise and are making rapid progress are Neil, Martin II, Furse, Baird and Spafford. Two boys, Ashworth and Gilmour, did so well that they were promoted to first crease and were then chosen for the first team. Ashworth distinguished himself in the game against the Upper Under Sixteen team by being top scorer.

One 3rd Crease boy, Wightwick II, was promoted to 2nd Crease and promises well.

Thus far the Prep team has played four games against various teams from the Upper School:

- (1) versus the Beginners (under 16) — Prep won 66 to 19.
- (2) versus the Beginners (under 16) — Prep won 99 to 60.
- (3) versus Old Prep boys (under 15) — Prep won 53 to 16 and 17.
- (4) versus the Under Sixteen team — Upper won 53 and 24 for 3 wickets to 44 and 26.

On Friday and Saturday, June 2nd and 3rd, the Prep team consisting of the following boys: MacDougall (Capt.), Ashworth, Cohen, Gilmour, Lawrence II, McCulloch, Milling, Scholes, Sheard, Stearns, Stewart-Smith I, and van Millingen will play in Montreal against the under fourteen teams of Lower Canada College and Selwyn House School.

These matches should prove interesting to watch. We hope that the results will be known before the Magazine is finally printed.

BOXING

Boxing was resumed this year for the purpose of teaching the boys the art of self defence. At the end of three weeks training a boxing tournament was held, made up of four weights, the Light, the Feather, the Bantam and the Fly. There was some good boxing in all the weights before the winners were determined.

Among the Lightweights, Stearns and MacDougall reached the final, where Stearns defeated MacDougall. In the Featherweight final Ballantyne defeated Monier-Williams, and in the Bantamweight Furse defeated Pattison. In the Flyweight, which had much the largest number of entries, Lawrence I, Porter, Neil and Scholes each won their first bouts, with Lawrence I and Scholes advancing to the final where, after a hard fight and some good boxing, Lawrence I was declared the winner.

At the conclusion of the tournament Ballantyne challenged Stearns to a final bout to determine the champion of the Prep. Although twenty pounds lighter than his opponent, Ballantyne put up a good fight but was unable to win over Stearns who thereby became Prep Champion and winner of the Stoker Cup. H. MacD. and C.M.

HUTS IN THE WOODS

This term in the Prep there is quite a craze for huts in the woods. Boys have been going down to the village to have their axes sharpened, and to buy nails, rope, and other necessary supplies. We have been using most of our spare time in rushing to the woods, chopping down trees, and cutting them into the right lengths. We then carry them or haul them to the cabin and put them in place. Most huts are small but quite well built. Even the smaller boys are building huts and becoming woodcraftsmen. We hope they will all finish them by the end of the term as many of the boys will be going into the Upper School in September.

TRACK

Although the Prep has not done much track work so far this year, we sent a small team to the Eastern Townships' Meet which was held in Sherbrooke on the 27th of May.

In the Midget class the Prep was represented by Neil in the broad jump and by Evans in the high and, although neither succeeded in gaining a place in his event, both made a very creditable showing with a broad jump of 13 ft. 5 inches in the one case and with a high jump of 3 ft. 10 inches in the other.

We also had an entry in the Junior class. Stearns was a member of the winning Relay team and gained 3rd place in the broad jump with a jump of 15 ft. 6 inches.

On the 25th of May when we had a whole holiday, we spent the morning running off the heats of races of which the finals will be held on Sports Day. D. M. S.

PREP HOCKEY

The hockey team this year had a successful season, coming second in a league of three teams, the Upper School Bantams, Mitchell School of Sherbrooke, and ourselves. In all our four games with Mitchell we defeated them decisively, by scores of 3-1, 4-0, 5-0 and 4-1. Against the Upper School Bantams we were not so successful and were unable to win a game, but we managed to tie them once 1-1, and we lost the remaining three games by only one goal in each case, 1-0, 2-1 and 2-1.

We also played two exhibition games with an 'Under 15' team from Lennoxville High School. In each case this team proved to be too strong for us and defeated us by scores 3-1 and 4-1.

THE PREP'S PART IN INSPECTION

The Preparatory School played a good part in the Inspection which took place on the afternoon of Wednesday, May 17th. Although the weather was not promising in the morning, it turned out to be a fine day. The Prep turned out in white ducks and blazers and presented a very smart appearance.

After the March Past, which was very well done, Major General Renaud inspected the Corps and spoke to several of the boys in the Prep, including Terry Grier and Dennis Martin. The Prep then put on a very entertaining display of gym and a boxing bout between Ballantyne and McCulloch.

After the medals and cups had been presented, refreshments were served on the Prep field. In this also the Prep took their full share in the afternoon's activities.

PREP GARDENS

A few boys decided to take up gardening this year and have been successful in growing some of the prettiest gardens that the Prep has ever had.

Among the owners of gardens Lawrence I and II have a very nice one; they have worked hard on it to make it one of the best in the School. McMichael and Martin III have two gardens between them, one quite large, and the other small, but pretty. Lindsay-Hogg has a small garden with pretty iris in it, while some of the smaller boys have gardens all of which have little wild violets.

MOVIES ON SUNDAY

During the Lent Term we had movies every Sunday night. One of the best of these was the Battle of Russia. It showed the way the Russians are fighting, but was rather gruesome.

Another good movie, though rather sad, was Tom Brown's School Days. Other good pictures were: King Kong, Bringing Up Baby, Call out the Marines, The Valley of the Sun, and a movie dealing with the war effort of Australia.

With each entertainment film we had a cartoon or comedy that was very funny. On some Sundays we had educational films.

THE ART ROOM

Under the able direction of Mrs. Jones, many things have been accomplished during the last two terms, among which are the following:

The boys of Remove Form have made writing cases, stencils, linoleum work, and oil cloth cases and, besides painting pictures and Union Jacks, have done some interesting work in painting floral design on bottles.

The III Form has made oil cloth mats with animal paintings, writing cases, clipping cases, paintings and painted bottles similar to those which were done by Remove.

Form IIA made a doll's house with furniture, an Indian village scene, book markers, and several paintings and drawings.

Forms I and IIB have made baskets, but for the most part have done paintings and drawings.

Beyond all this the forms have helped Mrs. Jones to mend sheet music for the choir.

We all wish to thank Mrs. Jones for her able direction of our Arts and Handicraft during the past year.

Paul Cohen and Donald Campbell.

ENGLISH BOYS WHO HAVE GONE BACK TO ENGLAND

Two English boys who were popular in the Prep have recently returned to England: the first was Richard Barker, of Form IIB, who left the School in December and the second was Antony Sheil who left at the end of the Lent Term. We miss them both very much and our best wishes go with them on their return to their homes in England.

David Baird.

PREPARATORY SCHOOL SKIING

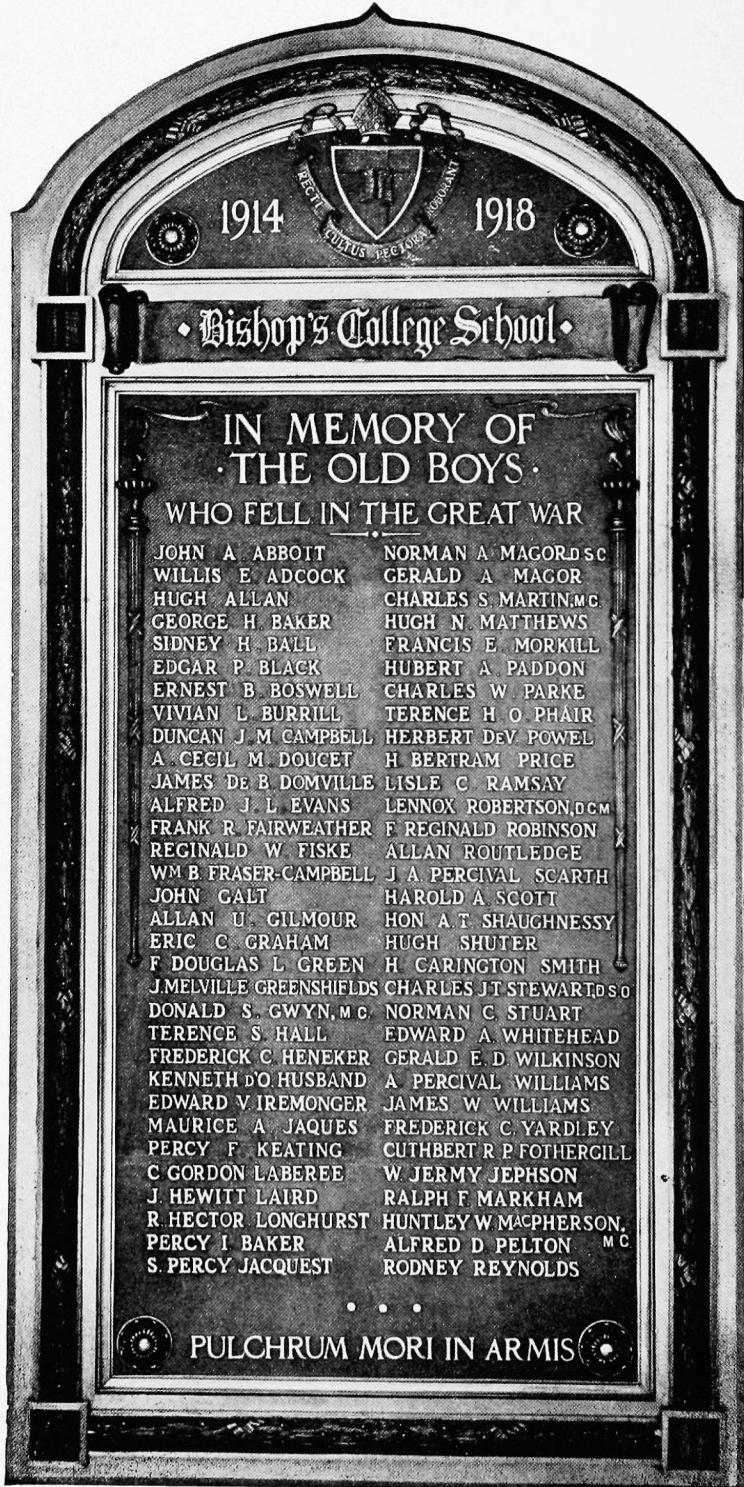

The afternoon games period throughout the Lent Term was devoted to skiing and hockey, the latter on the out-door rink which again proved to be of great value. There were two creases each afternoon for skiing and one for hockey, except on Wednesdays and Saturdays, when boys are free to skate, ski, build snow huts, or toboggan as they wish.

We were fortunate in receiving invaluable help from Uncle Lewis and a group of skiers from the Upper School. We wish to thank them all and especially Phelps, Mackenzie, Boyd, Smith, Fuller and Hodgson for their expert guidance.

The Cross Country was run on March 6th over a course in the vicinity of the School. Stearns was the wimner, McCulloch 2nd and Scholes 3rd.

The annual ski-meet was held on March 8th at North Hatley, under the direction of Mr. Lewis Evans, with the assistance of all the Prep Masters. The weather and the health of the boys were so favourable that the whole School was able to make the trip there by train and back by taxis. Everybody had a grand time. In the morning the slalom was taken, the winner being Evans II, the 2nd Campbell and the 3rd, Ballantyne. After a good lunch at the Connaught Inn, the boys completed the downhill. Evans again was 1st, coupled with Stearns; Ballantyne and Campbell following in that order.

When the results of the three races were tabulated, Evans II was leading with a total of 279 points, the 1944 winner of the Whitall Cup. Stearns was 2nd with 265 points and Campbell 3rd with 249 points. These boys are to be congratulated on a very fine showing. The following boys deserve great credit in qualifying with the leaders for the award of Ski-crests: Ballantyne 243, McCulloch 229, Scholes 213, Gilmour 205, Ashworth 204, Stewart-Smith I 200 and van Millingen 194 points.

Obituary

MAJ.-GEN. A. C. JOLY DE LOTBINIERE

Major-General Alain Chartier Joly de Lotbiniere, C.B., C.S.I., C.I.E., late chief engineer and secretary to the Government of Bengal, and formerly a member of the Legislative Council of Bengal, died on Friday at the age of 81.

He was the son of the late Sir Henry Joly de Lotbiniere, and was educated at B.C.S., Lennoxville, P.Q., and the R.M. College, Kingston, Canada, entering the Royal Engineers in 1886. He proposed and carried out the first large hydro-electric transmission power scheme in the East—the Cauvery Falls transmission of power to the Kolar goldfields in Mysore—which for a short time was the longest power transmission line in the world. He also designed and carried out the Jhelum power installation in Kashmir, and built a fleet of electrically operated dredges for the Jhelum river.

During the last war he served as chief engineer of the Anzacs in Gallipoli and France, and he was engineer-in-chief of the Army of the Peninsula throughout the evacuation, being mentioned five times in dispatches. He retired in 1919. He married in 1887 Marion Helen Campbell, and had one son.

Sherbrooke Daily Record

FRIENDS PAY LAST TRIBUTE TO A. SPAFFORD

A large number of relatives and friends were present at St. Peter's Church to pay their last respects to Arthur L. Spafford, 61, who passed away Friday evening following a long illness.

Mr. Spafford was born at North Hatley and received his early education at Bishop's College School. He later graduated as a chemical engineer from McGill University and worked for some time with the Nickels Chemical Company in Vancouver and New York, later transferring to the Philip Carey Company in Norristown, Pennsylvania, where he became General Manager of the firm. He also played an active part in hockey and football, both during the time that he was studying and after he had graduated. In 1908 he was manager of the McGill Football Club.

ANDREW PATON PASSES ON IN HIS 41ST YEAR

Andrew Paton, 40, of St. Foy, son of Mr. and Mrs. W. E. Paton, of Sherbrooke, died in the Jeffrey Hale Hospital in Quebec following a long illness.

Mr. Paton was born in Sherbrooke and received his early education at Bishop's College School. He later attended the Royal Military College at Kingston and then returned to Sherbrooke where he worked for the Royal Bank of Canada.

He married Margaret Boswell, of Quebec, and went to live in that city. Mrs. Paton predeceased him two years ago.

Besides his daughter Joy, Mr. Paton is survived by his parents, Mr. and Mrs. W. E. Paton, of Sherbrooke, and one brother, Kenneth Paton, of Toronto. He was the grandson of the late Mr. and Mrs. Andrew Paton and a nephew of Mrs. Andrea Paton Robinson.

JOHN BRINSLEY WINDER,
M.D., (1879-1944)

Dr. J. B. Winder (B.C.S. 1890-1896) who died on March 17th, 1944, after a short illness, was appointed School Physician in September 1910. For nearly 34 years he was responsible for the health of the School, and the many boys who passed through his kind and skillful hands during that period will feel a deep sense of loss at the news of his passing.

Almost the whole of Dr. Winder's professional career was spent in Lennoxville. After a short period as a ship's doctor on a North Atlantic liner he came, in 1908, to begin practice in the town and continued in that capacity until his sudden death.

As an Old Boy, Dr. Winder was greatly attached to B.C.S. and this affection was warmly reciprocated by everyone in the School with whom he came in contact. His daily visits to the infirmary, his genial greetings to all he met, and his frequent presence at football and hockey matches will be greatly missed.

We shall not see his like again.

To John and Jamie Winder we extend our most sincere sympathy.

PTE. HUNT IS WOUNDED
Paratrooper Reported as Casualty in Italy Campaign

Pte. Stuart Byron Dawson Hunt, of 5178 Cote St. Antoine Road has been reported wounded in action in Italy, according to word received by his parents, Mr. and Mrs. Walter Hunt.

Pte. Hunt is 19 years of age. He was born in Ottawa but attended Bishop's College School in Lennoxville, and McGill University.

Pte. Hunt was always keenly interested in sports, especially swimming, skiing and rugby. He was a member of the rugby team of Bishop's College School for some time.

Enlisting in February, 1943, Pte. Hunt took an instructor's course at Brockville, Ontario, after being with the McGill C.O.T.C. Later he joined a special service force and trained at Fort Ethan Allen in Vermont, and also in other parts of United States. He went overseas with the special service force and saw action in North Africa and Italy.

EXTRACTS FROM OVERSEAS LETTERS—

"I suppose the Magazine Staff are still 'hearing the chimes by midnight'. Saw Georgie Buch to-day, he is doing an excellent job and in excellent spirits; John Kemp ran a very good 440 race to-day. Alan Boswell and Alan Robinson also around. We are busy and expect to be busier soon. We should be home for a gala reunion soon." Bill Doheny (May 16).

" Hartland led the Wolf Squadron on its first dive-bombing mission over Calais and later was interviewed about it over the radio. when his official score was two German fighters and one train. He has been an acting Squadron Leader for some time now. " (We saw his photograph in the "Star" beside Beurling's: "One of Beurling's squadron mates." while the other two successful pilots were F/O Hart Finley of Montreal and Ed.)

"Many thanks for the School Magazine. It was, of course, very welcome and newsy. In springtime I often recall the pleasant memories of Lennoxville and the St. Francis valley. Bill". (April 14)

R. G. L. Brackenbury is now at Eton College. The extract from the London Times—in these notes—recording the death of Maj. General A. C. Joly de Lotbiniere, we received from him.

Major Brian Irvine McGreevy (B.C.S. Sept. 1919—June 1926) Royal Rifles of Canada (previously with the Royal Montreal Regiment) is now attached to the American Army in the Southwest Pacific for Training and Battle Experience. He spent some months in England last year with the Black Watch.

Major McGreevy writes that he met a Lieutenant Cole of the American Army in the Hawaiian Islands. He attended B.C.S. 1930-38.

Our hearty congratulations to Bob Cockfield on being awarded the Isaac Bruck Scholarship at McGill University.

Also to David McLimont, who was awarded the H. M. MacKay Memorial Scholarship.

Hugh Seton has been in India since the end of November, 1943, and is now flying on operations. He flies a dive bomber as Section Leader and occasionally as Flight Leader. He says he has been having an exciting time but cannot give details at present.

Since returning from Operations Overseas, David Seton has been flying at R.C.A.F. stations at Rockcliffe and Trenton, and in March last, was posted to No. 4 Wireless School at St. Catharines, Ont., where he is now acting as a temporary Staff Pilot.

EATON'S Knows the Answers

We may not be so bright in Geometry or Latin ... lots of people know more about Chemistry and Biology than we do . . . But we do think we rate honours in knowing the answers to what young Canadians want in the way of clothes and shoes, gadgets and sports things, books, records, et cetera . . . We cram and cram on these subjects ... Eaton's Junior Council helps in keeping us on the beam, and we take private lessons on the side! . . . So whenever you grads or near grads step out to buy yourself something ... remember, you'll find the Right Answer at

GOOD MILK SAFE MILK

The daily supply served to the B.C.S. boys is regularly analyzed by the Milton Hersey Laboratories. Pasteurized and homogenized milk make milk drinking safe and nourishing.

Students will do well to increase their daily quantity to keep fit.

You can never tell who's listening.
Little bits of information you pass on
may fit, like pieces of a jig-saw puzzle,
into the picture which enemy spies are
building. Don't repeat the indiscreet.

"I think it's a crime the way some people pass on
war information. Why my partner told me . . ."
